

A physiotherapist in a light blue shirt is kneeling on a green artificial turf mat, assisting a client in a grey shirt with a stretch. The client is smiling and looking towards the camera. The background shows a gym setting with various pieces of equipment.

PHYSIODESK

By HackerKernel with Love

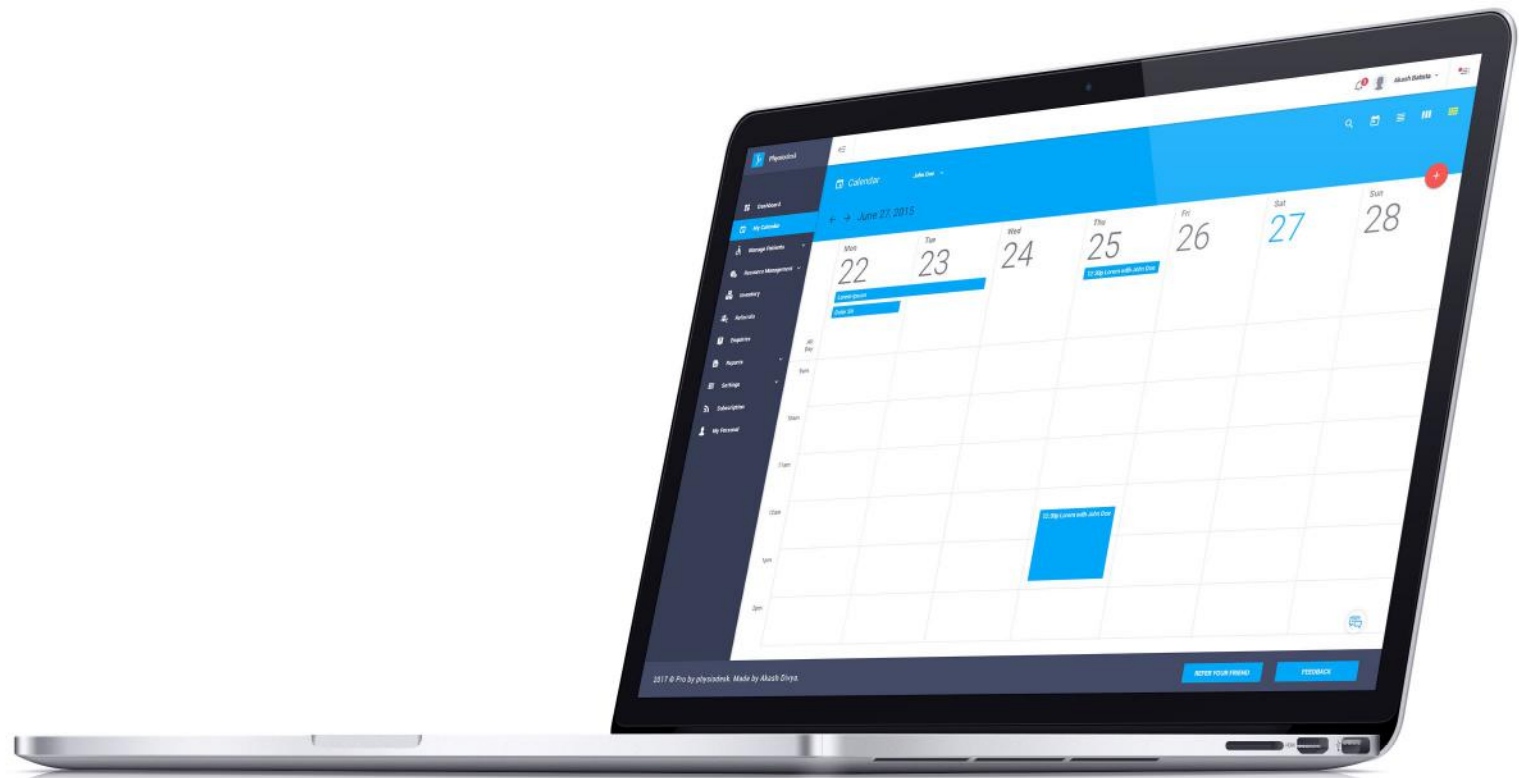

Its not just attractive colors & awesome layout that make a website great, but also its simplicity & effectiveness

We transformed the website so that it can both perform & be user friendly

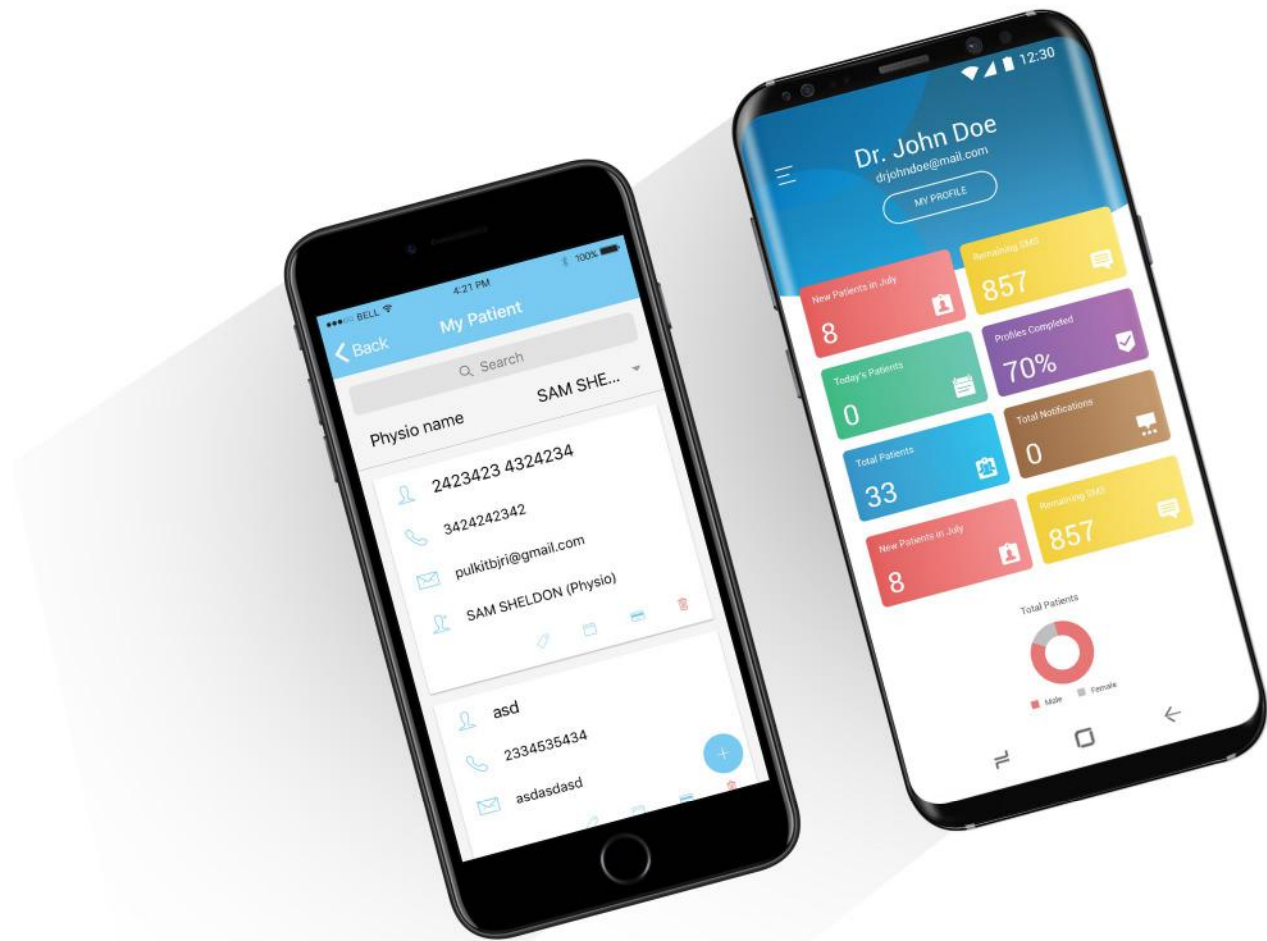

Physiotherapists needs to maintain & organize all the important data. Sounds tiring right?

We created a powerful digital planner to organize all the data & schedules and it's easy

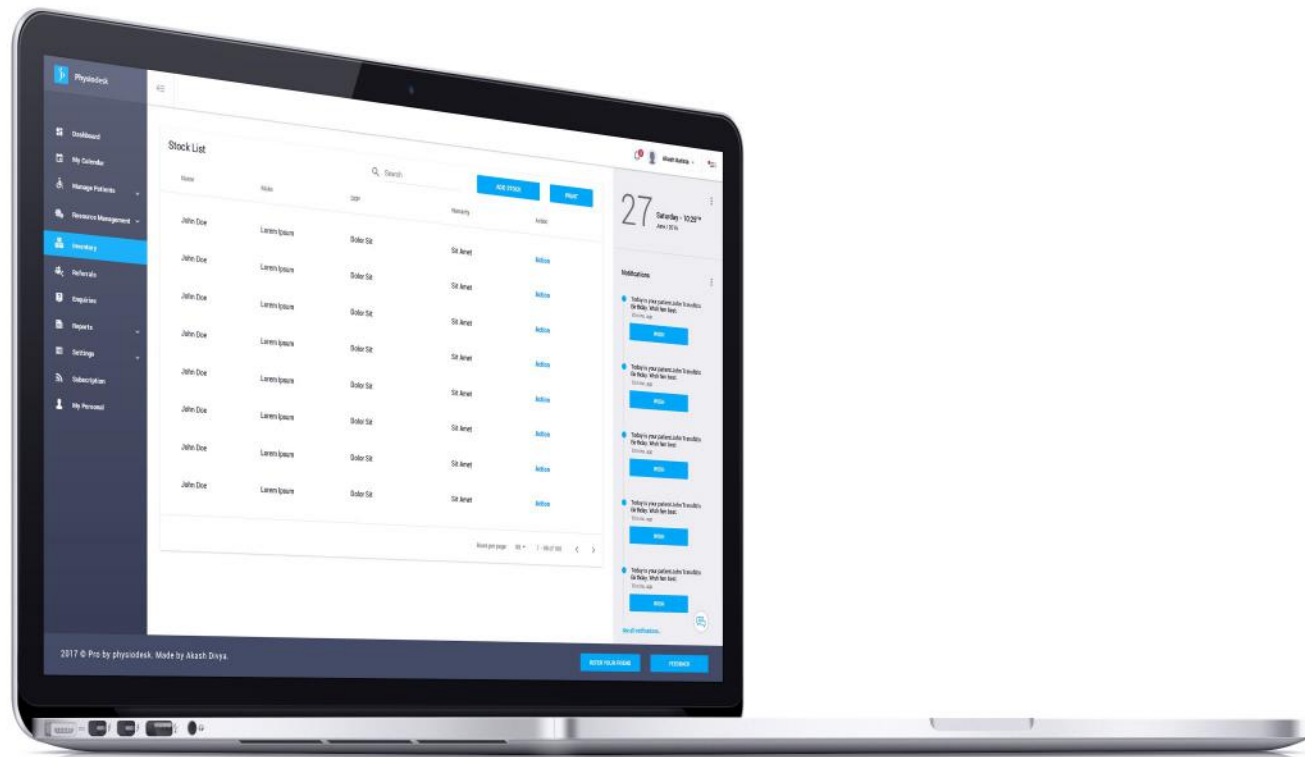

This is new age of technology and no one can deny the importance of smartphone and the mobility it provides

We developed apps for both Android and IOS They provide all the features on-the-go

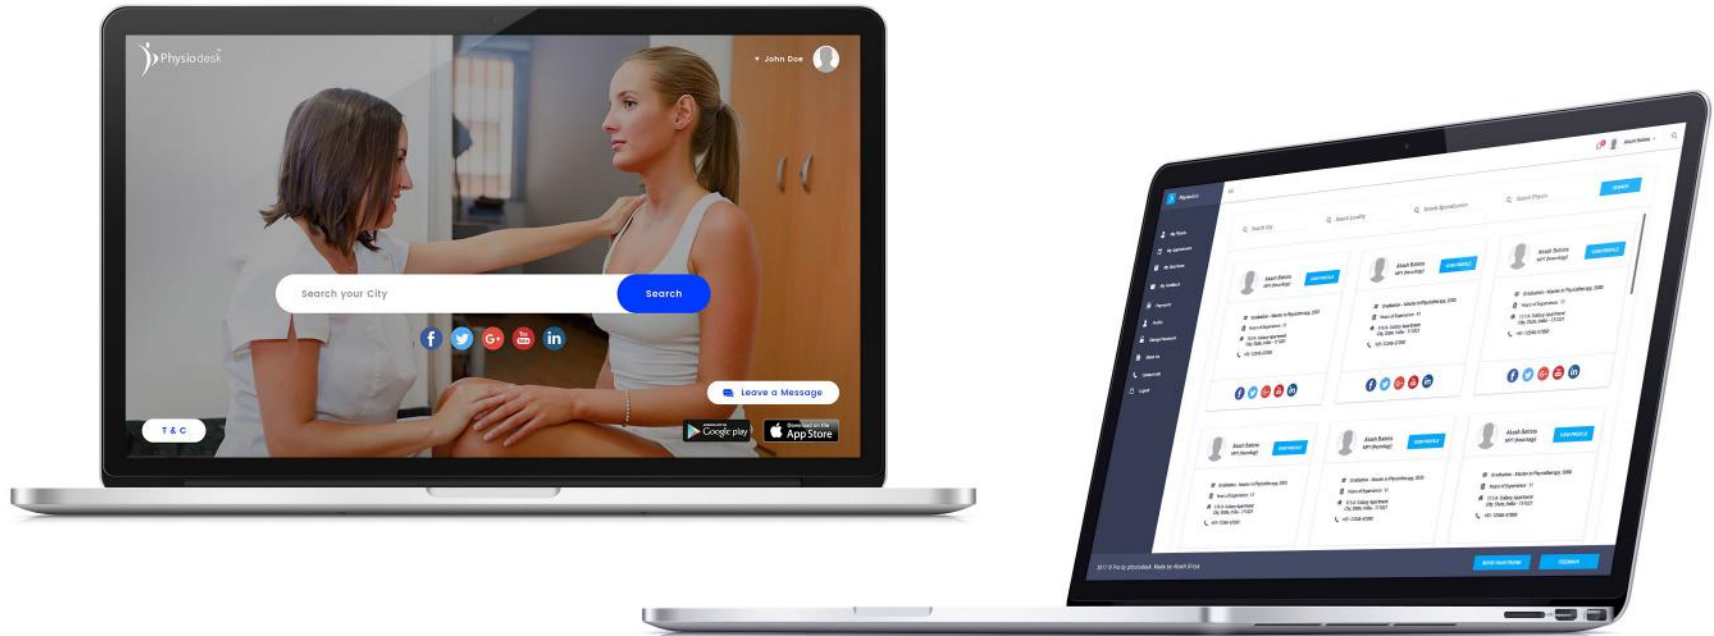

Ain't it would be a stress reliever if we don't need to worry about our stocks and keep the flow alive?

We made a simple & powerful Inventory system for smooth flow & to reduce loss

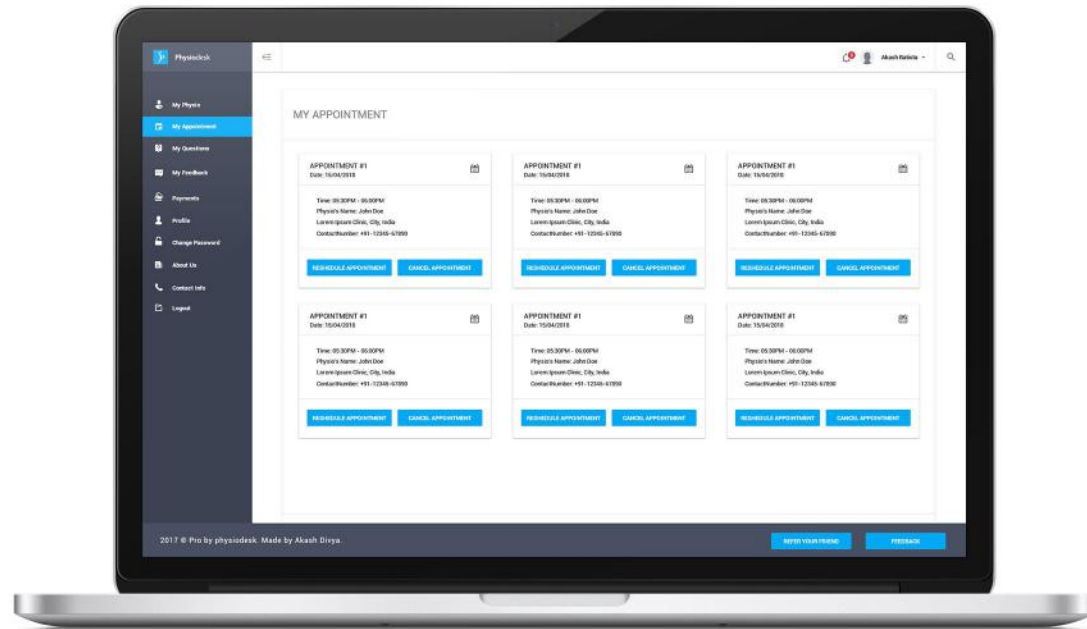

What would be the best scenario if anyone has a problem?
Finding a solution or someone who can fix it. Right?

We made it Easy and Quick to find
a Physiotherapist in locality or nearby

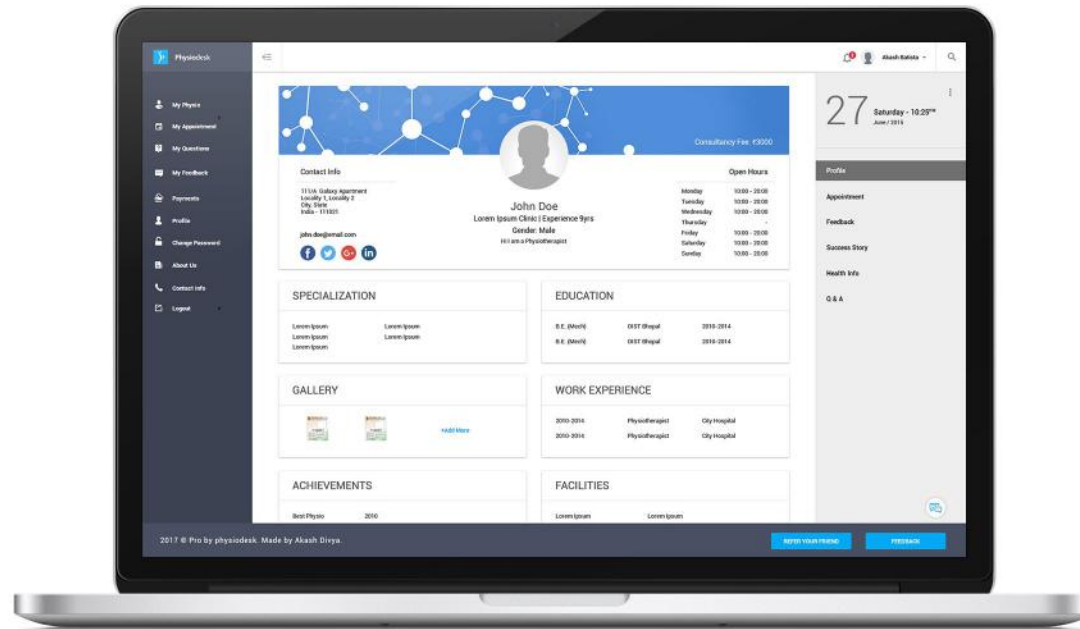

Everyone is so busy in this world. Booking an appointment on a preferred day & time is full of Hassle and changing them is even worse

We designed an appointment booking system to meet people's requirement from anywhere anytime

So many therapists, wanna know who's the best before you book a schedule. We have designed

Profile full of all the necessary information of a Physiotherapist
